

2025 Qualifying Carnival

Saturday 22nd February 2025

Event Program

The Gloucester Thunderbolts Swimming Club welcomes all swimmers and their family and friends to our 2025 Qualifying Carnival.

Before we begin today, I would like to acknowledge and pay respect to the Traditional Custodians of the land on which we meet; the Worimi and Biripi people. We thank the Worimi/Biripi people for the land on which we work and play.

Our club has been working hard over the last couple of years fundraising and applying for grants and today we are starting to celebrate with the use of our brand-new blocks. They may not be the fanciest blocks in town, but I am sure you can all agree that they are a major improvement. We must thank our Diamond Sponsors, Gloucester Bucketts and Building Supplies, Gloucester Medico, The Community OP Shop, The Charlier Family, The Coombe Family, and Yanco Coal. Without our Diamond sponsors we would still be waiting for this upgrade to happen.

A few points for you to note:

- A BBQ is being run today thanks to the help of the Gloucester Rotary. We thank them for volunteering their time today as it is a huge help to our club
- The pool kiosk is open and selling a range of confectionery items and drinks. **There is no hot food available at the Kiosk.**
- The marshalling area can be found to the left of the starting blocks at the southern end of the pool. When a swimmer's event is claimed, they are asked to report to the marshalling area to have their name marked off prior to being seated to await their race. A claims board is located on the left side of the pool at the southern end that will display events currently being claimed.
- Relay entries and fees are to be provided to the club house by 12pm. Relay teams can be the same or mixed genders. Small, represented clubs can combine to make a relay if they wish to.
- 2 timekeepers per lane will be required for the duration of the day. Lane allocations for time keeping are provided on page 6.

If you have any questions throughout the day, please talk to one of the many Gloucester Thunderbolts members around the pool.

Warm regards,

Jodie House - Club President

Thank you to our sponsors.

Gloucester Thunderbolts Swimming Club would like to express its appreciation to Gloucester Olympic Pool Management and its staff, for all the help received throughout the season and for providing the beautiful facilities we are all enjoying today.

We would also like to thank our sponsors, many of whom are long-time supporters of our club and have contributed to help make today happen.

Starting Procedure

- Non-diving swimmers may start in the water.
- When competitors have been placed behind the blocks, the starter will announce the Event and the Heat number.
- On the long whistle from the starter the swimmer shall step onto the starting blocks and remain there (or enter the water if not diving). For the Backstroke events immediately enter the water. A second long whistle will bring the swimmer immediately to the starting position.
- On the starters command, 'Take your mark', competitors will immediately take up their starting positions with at least one foot at the front of the starting platform. For the Backstroke events swimmers take up their starting positions in the water and remain stationary.
- When all competitors are stationary the starter will give the starting signal (The sound of the starting hooter)
- Any swimmer deemed by the race referee to have started before the starting signal has been given will be disqualified. If the starting signal sounds before the disqualification is declared, the race will continue, and the swimmer will be disqualified at the completion of the race. If the disqualification is declared before the starting signal the signal will not be given, the remaining swimmers will be called back, reminded of the penalties and the starting procedure will commence again.
- Competitors must finish in the lane they started in and are to remain in their lane at the finish of the event.
- On the signal from the referee competitors are to leave the water by the side of the pool.
- Places will be determined by the recorded times as per the times recorded on the lane keeper timesheets.
- The head referee will resolve any disputes and that decision will be final.

Timekeeping Procedure

- 2 Timekeepers per lane will be always required.
- Visiting clubs are asked to help time keep.
- The meet will be run using Meet Manager, the CTS Dolphin Stopwatch Timing System and manual stop watches. The Dolphin stop watches will be started simultaneously by the starters signal. Timekeepers a responsible for starting the manual stopwatch at the sound of the starting signal. Times from the manual watch will be recorded manually on the lane timekeeper sheets.

Timekeeping Lane Allocations

If any club is having difficulties organising timekeepers, please report to the club house immediately. If any non-rostered clubs would like to keep time, please speak to the club house.

- **Lane 1 – Gloucester Thunderbolts x 2**
- **Lane 2 – Stroud Seals x 1 & Valley Aquatic x 1**
